

Teacher Education Arena *Project Meeting*

5th July 2022 – 9:15 AM-4:30 PM

The education and training of future teachers at school is one of the pressing social challenges for many nations, for Europe and the world. The profession of a schoolteacher represents the avantgarde in our digital knowledge society with a societal responsibility for sustainability and the need for excellent training of an unprecedented degree in a complex digitised, diverse, mobile, multicultural, and multilingual Europe.

Within EUniWell – European University of Well-Being - the Teacher Education Arena is working with the aim of designing and supporting the education and training of future European teachers.
